

## **A Passage from India: Lessons Learned in an Ancient Land**

**Dr. Elizabeth Ashworth,  
Schulich School of Education**

The Northern Canadian Centre for Research in Education & the Arts (NORCCREA) is pleased to announce a presentation on arts education in India, **Tuesday, April 23, 2013, from 10:30 to 11:30 a.m. in A242.** All are welcome.

In October 2012, **Liz Ashworth** joined a delegation of American and South African art educators to India where they visited public and private elementary and secondary schools. During this visit, Dr. Ashworth learned, through observation and interviews, how India's National Curriculum is infused with traditional arts as a way of preserving Indian culture from erosion by Western influences.

In this presentation, Dr. Ashworth shares her research, findings, exemplars, and suggestions as to how educators in Canada may adopt similar arts-infused curriculum strategies in order to help preserve Canadian culture.
